2.6. Membership

Membership in the Association is appurtenant to each Dwelling; the Owner(s) of a Dwelling shall at all times be a Member of the Association so long as such Owner(s) holds a Present Ownership Interest in the Dwelling. An Owner's membership shall automatically terminate when the Owner(s) ceases to hold a Present Ownership Interest in the Dwelling and, upon transfer of such interest, the new Owner(s) succeeding to such interest shall likewise succeed to membership in the Association.

If more than one Person holds a Present Ownership Interest in a Dwelling, the membership appurtenant to that Dwelling shall be shared by all such Persons in the same proportion in which such interests are held.

Regardless of any waiver of notice provided to the Association, it shall be the continuous duty of each Owner and Resident to keep their contact information current with the Association. Owners and Residents that fail to keep their contact information current with the Association, whether or not they reside within the physical boundaries of the Project, shall be deemed not in Good Standing and in violation of this Declaration.

3. VOTING RIGHTS

The Association shall have at least the following two classes of voting members; however, all votes shall be equal and counted as such, except where voting by separate class may otherwise be provided in the Articles of Incorporation, Bylaws, or this Declaration. The Association shall also have at least the following one class of nonvoting members. Additional classes of membership may be added by amendment to this Declaration.

3.1. Class A Members

Class A Members shall be Owners, with the exception of Owners that are Class C Members and with the exception of the Declarant during the entire period when the Declarant is a Class B Member. Each Class A Member shall be entitled to one (1) vote for each Dwelling that Member owns. When more than one (1) Person owns a Dwelling, the vote for such Dwelling may be cast as they shall determine, but in no event will fractional voting be allowed. Fractionalized or split votes shall be disregarded.

3.2. Class B Members

The sole Class B Member shall be the Declarant, who shall be entitled to ten (10) votes for each Lot and Dwelling owned or controlled by the Declarant. The Class B Member shall cease and be converted automatically to a Class A Member on the first to occur of the following events: (1) one (1) year after the conveyance to a new Class A Member of the last Dwelling owned or controlled by the Declarant; or (2) the day the Declarant, after giving written notice to the Owners, records an instrument voluntarily surrendering all rights to control activities of the Association in accordance with § 57-8a-502 of the Association Act as it may be amended from time to time, thus terminating the Control Period as of the date such notice is duly recorded in the recorder's office of the County.

3.3. Class C Members

Class C Members shall be Owners, with the exception of the Declarant during the entire period when the Declarant is a Class B Member, that meet the following criteria: (1) an Owner that holds a Present Ownership Interest in at least ten percent (10%) of the total number of Dwellings within the Association; (2) an Owner that is a member of a family or extended family in which

various members of such family/extended family, taken together, hold Present Ownership Interests in at least ten percent (10%) of the total number of Dwellings within the Association, where such family/extended family members are related by blood, adoption, marriage, cohabitation, or the like; or (3) an Owner that is owned or controlled in whole or in part, directly or indirectly through any number of intermediary Persons, by a Person or group of associated or related Persons (including but not limited to family/extended family such as described in criteria (2)) that may own or control, directly or indirectly through any number of intermediary Persons, zero or more other Owners that, together with the Owner, hold Present Ownership Interests in at least ten percent (10%) of the total number of Dwellings within the Association.

The intent of this class of membership (Class C Members) is to prevent various Owners from effectively gaining control of the Association by amassing ownership interests in multiple Dwellings. Non-limiting examples of Class C Members include the following: (1) an Owner that owns at least 10% of the Dwellings; (2) Owners in the same family/extended family that, taken together, own at least 10% of the Dwellings; and (3) various Owners that, taken together, own at least 10% of the Dwellings where such Owners are all ultimately owned or controlled by the same Person or group of associated or related Persons regardless of how many intervening individuals or legal entities exist between such Owners and such Person or group of Persons.

3.4. One Vote per Dwelling

Notwithstanding anything to the contrary, in the event there is more than one Owner of a particular Dwelling, the vote relating to such Dwelling shall be exercised as such Owners may determine among themselves; but in no event shall more than one (1) Class A vote be cast with respect to any Dwelling. A vote cast at any meeting or by written ballot by any one (1) of a Dwelling's Owners, whether cast in person or by proxy, shall be conclusively presumed to be the entire vote attributable to the Dwelling; if more than one (1) vote is cast for the Dwelling then all such votes shall be disregarded completely.

4. OWNERSHIP AND EASEMENTS

All easements described in this Declaration shall run with the land to which they are appurtenant.

4.1. Common Area

The Association owns all the Common Area.

Common Area shall include all areas designated as such on the Plat; notwithstanding the foregoing, certain areas designated as Common Area on the Plat may be designated as Limited Common Area herein with such designations herein controlling.

Each Owner shall have, in common with all other Owners, a nonexclusive right and easement of use and enjoyment in and to the Common Area. Such right and easement shall be appurtenant to and shall pass with title to each Dwelling and in no event shall be separated therefrom, or encumbered, pledged, assigned, or otherwise alienated by an Owner. Any Owner may temporarily delegate such rights and easements to any and all Resident(s) of the Owner's Dwelling. Notwithstanding the foregoing, such rights and easements common to all Owners, delegated or

otherwise, shall be limited as provided in this Declaration and, to the extent permitted by the Declaration, subject to all Resolutions and Rules duly established.

Such rights and easements shall be appurtenant to and shall pass with title to each Dwelling and in no event shall be separated therefrom, or encumbered, pledged, assigned, or otherwise alienated by an Owner. Any Owner may temporarily delegate such rights and easements to any and all Resident(s) of the Owner's Dwelling. 4.3. Dwellings

A Dwelling is owned by its Owner(s). The Association may own a Dwelling(s).

The Association shall have a perpetual nonexclusive easement in and to each Dwelling for purposes of: (1) reasonable access to and installation, inspection, maintenance, repair, replacement, and improvement of Common Area, Limited Common Area, and other property owned by the Association or for which it has an operation, maintenance, repair, or replacement obligation, but only to the extent that such Common Area, Limited Common Area, or other property is located within or is only reasonably accessible from within a Dwelling; (2) mitigation of emergency conditions impacting or imminently threatening to impact Common Area, Limited Common Area, or other Dwellings; and (3) maintenance, repair, and replacement of the exterior components of all Attached Units and all other Dwellings for which the Association has an exterior maintenance, repair, or replacement obligation, which easement shall be considered an "ownership interest" as that term is used in the Association Act, albeit a nonpossessory ownership interest that is limited to the purposes of the easement and the Association Act.

4.4. Utility Easements

In addition to other easements granted in favor of the Association and any other easements shown on the Plat, Attached Units and the Lots of Detached Units are hereby made subject to nonexclusive utility easements in favor of the Association for reasonable access to and installation, inspection, maintenance, repair, replacement, and improvement of utilities that run through, across, under, or over such Attached Units and Lots, including but not limited to electrical, gas, water, sewer, drainage, phone, cable, satellite, and internet.

Further, the Association shall have the right to grant such utility easements to any governmental, quasi-governmental entity, or utility provided, however, that such easements must be used in a manner that does not unreasonably interfere with the Association, the Dwellings, the easements of the Owners in, or the Owners' and Residents' right of use and enjoyment of, the Common Area and Limited Common Area. By accepting a deed to a Dwelling, each Owner expressly consents to such utility easements and authorizes and appoints the Association as its attorney-in-fact to execute any and all instruments conveying or creating such easements.

4.4.1. Irrigation

The Association shall have a perpetual nonexclusive easement in and to each Lot for purposes the maintenance, repair, and replacement of all landscaping including lawn, trees, shrubs, and other foliage around the Attached Units as well as sprinkler systems for the irrigation of such that run through, across, under, or over such Lots.

4.5. Encroachment Easements

An nonexclusive encroachment easement is hereby granted in favor of the Association for purposes of encroachment and the maintenance of such encroachment in the event that any Common Area, Limited Common Area, or Improvement of the Association unintentionally encroaches at any time on a Dwelling either due to the manner of its construction or due to settling, shifting, repair, restoration, alteration, or replacement; such an encroachment easement shall continue for the duration of the encroachment. An equivalent easement is hereby granted in favor of the Owner(s) of a Dwelling for the same purposes in the event that the Dwelling unintentionally encroaches at any time on Common Area or Limited Common Area due to the same causes; and for the same duration. Such encroachment easements shall run with the land to which they are appurtenant.

An encroachment easement shall not exist if the encroachment results from willful and knowing conduct on the part of, or with the knowledge and consent of, the Person claiming the benefit of such easement.

4.6. Party Wall Easements

Each Owner grants to all other Owners of adjoining Dwellings a party wall easement over and upon its Lot and/or Dwelling as the case may require for purposes of the inspection, maintenance, repair, and replacement of Party Walls and shared roofs. Such party wall easements shall run with the land to which they are appurtenant.

4.7. Easement Limitations

An Owner's right and easement of use and enjoyment in the Common Area, delegated or not, shall be subject to the following limitations:

4.7.1. Association Rules

The right of the Association to establish Rules that govern the use of the Common Area;

4.7.2. Suspension of Rights

The right of the Association to suspend an Owner's and/or Resident's rights to use the Common Area for any period of time during which and of the Owners, Residents, or the Dwelling is in violation of any provision of the Governing Documents or delinquent in any amount due to the Association; notwithstanding the foregoing, the right to access a Dwelling via Common Area and Limited Common Area streets, sidewalks, and the like, and to obtain utilities and other public services at the Dwelling, shall not be suspended.

4.7.3. Government Access

The right of governmental and quasi-governmental entities and utilities that have jurisdiction over the Project to access and use the Common Area for purposes including but not limited to providing police and fire protection, transporting school children, installing and maintaining utilities, and providing any other governmental or municipal service.

4.7.4. Dedication or Conveyance

The right of the Association to dedicate or convey in accordance with applicable law any portion of the Common Area or Limited Common Area for such purposes and subject to such conditions as may be agreed by a vote of the Members representing at least sixty-seven percent (67%) of the Dwellings and, in addition, the dedication or conveyance by the Association of any Limited Common Area shall require the written agreement of the Members representing all Dwellings to which such Limited Common Area is appurtenant, but only to the extent that such dedication or conveyance materially limits the use and enjoyment in and to such Limited Common Area.

4.7.5. Views

Views from Dwellings are not assured or guaranteed in any way, and there is no warranty concerning the preservation of any view or view plane from a Dwelling or the Project. There are and will not be any view easements or view rights appurtenant to any Dwelling. The Association shall have the right to add trees, landscaping, and other Improvements throughout the Project without being subject to maintaining any Owner's view.

4.8. Damage from Easement Use

Damage of any kind to the Common Area or Limited Common Area, or to any Dwelling, caused directly or indirectly in relation to the use of an easement granted under this Declaration shall be promptly and completely restored by and at the expense of the Person holding the easement.

4.9. Secondary Water**4.9.1. Secondary Water Shares**

Except as otherwise provided in a valid trust document or other agreement, any secondary water shares in a water association or the like used or intended to be used by the Association for irrigation of landscaping that were or are transferred in relation to the development of the Project to any party, including the City or County or other governmental

or regulatory entity or to a utility or the like, other than the Association shall be considered held in irrevocable trust with: (1) the Association being the beneficiary and the equitable shareholder; (2) such party being the trustee and the legal shareholder; and (3) the Declarant or, as the Declarant's agent, any other Person(s) holding title to such secondary water shares prior to such transfer being the settlor(s). This irrevocable trust shall exist regardless of whether or not any issued stock certificate evidences the trust or identifies the shareholder as a trustee; it shall be the duty of the trustee to act as such regardless.

The terms of this irrevocable trust hereby include the following: (1) a spendthrift provision which restrains both voluntary and involuntary transfer or encumbrance of the beneficiary's interest; (2) a duty of the trustee to timely pay any shareholder assessments or the like in relation to the secondary water shares; (3) a right of the trustee to be reimbursed, without markup, by the beneficiary for such paid shareholder assessments; (4) a right of the trustee to be paid a reasonable and minimal administration fee by the beneficiary; (5) except as otherwise agreed in writing between the beneficiary and the trustee, a duty of the trustee to maintain the means by which the Association accesses water in relation to the secondary water shares at the Project; (6) a right of the trustee to be reimbursed, without markup, by the beneficiary for the reasonable expenses of trustee for such maintenance; (7) all other duties typically owed by a trustee, including a duty to represent and vigorously pursue the interests of the beneficiary; (8) a right of the beneficiary to appoint a substitute or replacement trustee at its discretion and without suit; (9) upon dissolution of the Association, the Owner(s) of each Dwelling shall become a beneficiary under this trust with a fraction of the total equitable ownership in the trust property and the same fraction of the total beneficiary obligations under this trust, such fraction being computed as the irrigable acreage of the Lot (if any) appurtenant to the Dwelling relative to the irrigable acreage of the total Land, if such fraction is greater than zero; and (10) equitable ownership of the trust property, or of each fractional portion of the trust property as applicable, shall run with the land to which it is appurtenant.

By executing this instrument, the Declarant thereby declares and certifies that its intent in transferring any secondary water shares to any party is for the shares to be held in irrevocable trust for the benefit of the Association, and that it is the Declarant's understanding that the shares are held by the party as trustee of the irrevocable trust.

4.9.2. Secondary Water Metering

For purposes of § 73-10-34 of the Utah Water and Irrigation Act as it may be amended from time to time (the "Irrigation Act"), and whereas the Association is responsible for the irrigation of the landscaping within the Project, the Association shall be considered a planned community "residential user" as that term is defined in § 73-10-34 of the Irrigation Act.

5. OPERATION AND MAINTENANCE

5.1. Common Area

The Association shall have the right and obligation to operate and maintain the Common Area and shall furnish and be solely responsible for, at the Association's own expense, all of the care, inspection, maintenance, repair, and replacement of the Common Area. Notwithstanding the foregoing, Owners and Residents shall, with respect to their own use of the Common Area and that of their children, guests, and invitees, be obligated to keep it neat, clean, free of hazards, and free of interference with the maintenance obligations of the Association.

5.3.2. Exception Limits

The intent and purpose of the foregoing exceptions to Owner maintenance rights and obligations are to enable and obligate the Association to ensure: (1) timely maintenance, repair, and replacement of and to the above-grade exterior portions of Attached Units; and (2) consistency in color, style, quality, and other exterior characteristics of the Attached Units.

Notwithstanding anything to the contrary in the Governing Documents, the Association's maintenance obligation with respect to Attached Units is limited solely to reasonable maintenance, repair, and replacement in relation to ordinary wear and tear and useful life; notwithstanding the foregoing, the Association shall still be solely responsible to perform any needed maintenance, repair, and replacement in relation to wear and tear and useful life beyond what is ordinary, but the Owner(s) of an Attached Unit shall be responsible for all costs related to such, including administrative costs.

In the event any water in any form, or any other substance, enters a Dwelling by any means whatsoever from the outside and causes any kind of damage inside the Dwelling, the Owner(s) shall be responsible for any and all damage caused by or related to such entry, for any and all repairs necessitated as a result of such entry, and for any and all costs related in any way to such entry.

5.3.5. Exterior Alterations

5.3.6. Fencing

No installation or alteration of fencing by Owners or Residents is allowed. Notwithstanding the foregoing, the Board shall have the power to establish uniform Rules for the installation or alteration of fencing appurtenant to a Dwelling whether on the Lot of a Dwelling or on Limited Common Area appurtenant to an Attached Unit. Such Rules shall require at least the following: (1) that the requesting Owner shall obtain the advance written approval of the Board; (2) uniform review and approval procedures applicable to all Dwellings in the Association; (3) that new or altered fencing shall be consistent in color, style, character, and quality with existing fencing; (4) that the requesting Owner shall be responsible to have surveyed the position of legal boundary lines as applicable; (5) that the requesting Owner shall be responsible for all costs related to the request, including costs of any related modifications including but not limited to modifications to any landscaping, irrigation systems, Common Area, and Limited Common Area, and that the Association shall be responsible for making all such modifications to Common Area and Limited Common Area; and (6) that no Owner may materially alter existing Common Area fencing or install new fencing on Common Area.

Any alterations to existing fencing, and any new fencing, that is installed on Limited Common Area shall be the property of and be maintained by the Association.

Any fencing installed on a dividing line between two or more adjoining Dwellings shall be considered a Party Wall. Fencing around the perimeter of the Project, even if it adjoins a Lot, shall be Common Area.

5.3.7. Repairs by Association

No Owner shall permit its Dwelling to fall into a state of disrepair. In the event that an Owner permits any portion of its Dwelling to fall into a state of disrepair that is dangerous, unsafe, unsanitary, or unsightly, the Association may give written notice to the Owner describing the condition complained of and demand that the Owner correct the condition within fifteen (15) days or other longer reasonable time. If the Owner fails to take corrective action, the Association shall have the right, but not the obligation, to enter upon the offending Owner's Dwelling and take corrective action to abate the condition. All costs of abatement shall be assessed to the Dwelling and its Owner(s) that agrees to promptly pay the reasonable costs of all work performed under this provision. In addition, each Owner hereby grants to the Association a lien on its Dwelling to secure payment of the assessment, which lien may be foreclosed at any time by the Association. Alternatively, without requiring foreclosure, the Association may seek collection of the assessment from the Owner(s) of the Dwelling.

5.4. Maintenance Caused by Owner

To the extent that an Owner or Resident, or their guest(s) or invitee(s), cause damage to the Common Area or Limited Common Area, all costs related to the cleaning, maintenance, repair, or the like of such damage, along with all related administrative and other costs, shall be assessed to the Owner or Resident. If the individual(s) that cause the damage is a non-Owner Resident of a Dwelling, or the guest or invitee of such Resident, the Owner of the Dwelling shall be jointly and severally liable for such assessments.

6. PARTY WALLS

6.1. General Rules of Law Apply

To the extent not inconsistent with the Association Act, the general rules of law regarding Party Walls and liability for property damage due to negligence or willful acts or omissions in relation to Party Walls shall apply.

6.2. Maintenance of Party Walls

Each Dwelling that shares one or more Party Walls with another Dwelling(s) may also share other common elements, such as a common roof, common exterior walls, or other common exterior elements with an adjacent Dwelling(s). As such, certain maintenance and repairs to portions of Dwellings with Party Walls may become necessary that involve one or more adjacent Dwellings. Therefore, except as otherwise provided herein, maintenance, repair, and replacement of common roofs, common exterior walls, or other common exterior elements of such Dwellings shall be performed by the Association.

Regarding interior Party Walls, the Owners of such shared interior Party Walls shall jointly and severally be responsible for their maintenance, repair, and replacement; the Association shall not

have any duty to maintain, repair, or replace any such interior Party Wall unless the Association is an Owner of such.

Notwithstanding the foregoing, the maintenance, repair, and replacement of fencing located on a dividing line between two or more adjacent Dwellings shall be performed by the Owners of the adjacent Dwellings, and all costs shall be shared between them in proportion to the relative lengths of their shared fencing that is being maintained, repaired, or replaced.

6.3. Destruction of Party Walls

If a Party Wall is destroyed or damaged by fire or other casualty, the Owners that share the Party Wall shall restore the same.

6.4. Cost Sharing for Party Walls

The costs related to the maintenance, repair, and replacement of a Party Wall shall be shared by the Owners who make use of the Party Wall in proportion to such use. Notwithstanding, costs related to repairing any damage beyond normal wear and tear to a Party Wall that is caused intentionally or otherwise by an Owner or its Resident, or the guest or invitee of either, shall be the responsibility of that Owner.

7. ARCHITECTURAL CONTROL

7.1. Architectural Committee

The Board may appoint a committee as provided in the Bylaws to serve as the Architectural Committee for purposes of overseeing exterior architectural characteristics of the Association. If not created, the Board shall function as the Architectural Committee. Except as otherwise provided in this Declaration, and consistent with the Association's architectural control standards, it shall be the duty of the Architectural Committee to oversee the external characteristics of Dwellings and the landscaping of the Lots in accordance with the Association's architectural control standards. Further, the Architectural Committee shall not be responsible for: (1) determining that any modification or plan conforms to applicable building codes, zoning ordinances, and other governmental or land-use regulations; (2) the content or accuracy of any plan, documents, specifications, or the like prepared by the applicant or by any architect, engineer, or other person; (3) any loss, damage, or failure due or related to, either directly or indirectly, any natural or man-made condition(s) that may exist; or (4) any failure of applicant or any other person to carry out work in accordance with plans.

Notwithstanding anything to the contrary in this Declaration or the Bylaws, the Architectural Committee may, but need not, be comprised of architects, engineers, or similar professionals, the Manager or any of its employees, or any other Person regardless of membership in the Association. Even so, the Board may have the final say in decisions made by the Architectural Committee.

7.2. Architectural Control Standards

Consistent with any architectural control standards in this Declaration, the Board may adopt additional architectural control standards in the form of Rules with respect to the external characteristics of Dwellings and the Lots (including landscaping) upon which they are constructed,

including but not limited to such exterior characteristics as colors, materials, appearance, etc. Notwithstanding such Rules or the lack thereof, and except as otherwise provided in this Declaration, the Association's architectural control standards shall include maintaining such external characteristics materially consistent with their original construction unless otherwise approved for general application across the Association by a majority vote of the applicable Members.

Notwithstanding the foregoing, no Rule or other architectural control standard may be adopted or enforced with respect to the interior of a Dwelling or the landscaping of a Lot's fully-fenced backyard for which the Owner, as opposed to the Association, is responsible for the maintenance thereof.

7.3. Architectural Committee Approval

Prior to any material modification of the external characteristics of a Dwelling or to the landscaping of a Lot (except for the landscaping of a fully-fenced backyard for which the Owner as opposed to the Association is responsible for the maintenance thereof), an applicant shall submit written plans to the Architectural Committee for approval. Notwithstanding, only the Association (as opposed to Owners and Residents) has the right to modify Common Area and Limited Common Area.

The applicant must insure that plans submitted to the Architectural Committee are in conformance with all applicable building codes, zoning ordinances, and other applicable governmental or land-use regulations. The Architectural Committee shall have no liability to any applicant or other party for plans that are not in conformance with the foregoing, approved or otherwise. Corrections or changes in plans to bring them in to conformance must be approved by the Architectural Committee prior to modification.

The Architectural Committee shall review submitted plans and respond in writing to the applicant within thirty (30) days of submission with either: (1) an approval; (2) a variance that is described in detail in writing and acts as an approval; (3) a disapproval that includes the specific reasons for such that, if correctable, once corrected by the applicant will result in approval; or (4) a reasonable request for additional essential information. The decision of the Architectural Committee shall be based solely upon the provisions of this Declaration and any pre-existing and duly-adopted Rules that set forth the Association's architectural control standards; such decision shall not be based on or influenced by the personal preferences of any member of the Architectural Committee, the Board, or other party. It is the duty of the Architectural Committee to timely approve plans that reasonably comply with the Association's architectural control standards.

7.4. Board Oversight

The Board may at any time review and overturn in writing any action taken by the Architectural Committee. The Board may alternatively have the Architectural Committee operate strictly in an advisory capacity.

7.5. Noncompliance

If at any time the Board finds that a modification or other work done is not in substantial compliance with the Association's architectural control standards, approved plans, or was done without first obtaining approval, such shall be considered a violation to be removed or cured within

thirty (30) days of written notice in accordance with applicable law or the provisions of the Bylaws for violation of this Declaration. If the Owner fails to remove or cure the noncompliance as required, or to enter into an agreement to remove or cure on a basis satisfactory to the Architectural Committee within the thirty (30) day period or any extension thereof as may be granted, the Board may, at its option, cause the noncomplying work to be removed or cured and the Owner shall reimburse the Association upon demand for all costs and expenses incurred, including collection costs and reasonable attorney fees and costs, such costs and expenses shall be considered an Individual Assessment, and the Association shall have a lien against the noncompliant Dwelling in the amount of all such costs and expenses.

7.6. Variances

The Architectural Committee may authorize a variance for compliance with any architectural control standard Rules when it determines that circumstances such as topography, natural obstruction, hardship, or cost, aesthetic, or environmental considerations justify such a variance. Notwithstanding the foregoing, no variance shall: (1) be effective unless in writing; (2) be contrary to this Declaration; or (3) prevent the Architectural Committee from denying a variance under similar circumstances.

If a variance is granted, no violation of the Governing Documents shall be deemed to have occurred with respect to the matter for which the variance was granted. The granting of a variance shall not operate to waive any aspect of the Governing Documents other than those specifically identified in the variance, nor shall it affect an Owner's obligation to comply with all applicable ordinances, laws, and other governmental regulations.

7.7. No Liability

The Architectural Committee shall not be liable to the applicant, the Association, or the Owners for any loss or damages cause in relation to its good faith actions or inactions, or its approval or disapproval or otherwise of a submitted plan. Each Owner shall have an equal right to enforce the Association's architectural control standards against every other Owner, and may seek independent redress if it believes the Architectural Committee has failed to act or acted improperly.

8.22.9. Pet Removal

The pet owner shall permanently remove the pet from the Project upon written notice by the Association. A pet that has not been registered with the Association and that has been the subject of two (2) fines for any reason, subject to the final decisions of any informal hearings, shall be permanently removed from the Project. A pet that has been the subject of two (2) fines for nuisance, subject to the final decisions of any informal hearings, shall be permanently removed from the Project. The Board shall have the power to remove any such pet and assess the cost related to removal to the pet owner and Owner of the Dwelling at which the pet is kept.

8.22.10. Joint and Several Liability

Each pet owner and the Owner(s) of the Dwelling at which the pet is kept, whether such pet is registered with the Association or otherwise, shall be jointly and severally liable to the Association for: (1) violations of the Governing Documents in any way related to the pet; (2) acts and omissions of or in any way related to the pet, regardless of intent or the degree of negligence; (3) damage to Common Area and Limited Common Area caused either directly or indirectly by or in any way related to the pet; and (4) any other actions, claims, damages, expenses, losses, or liabilities (including regulatory fines, court costs, and attorney fees) of any kind whatsoever arising from or in any way related to the pet.

8.22.11. Indemnification

Each pet owner and the Owner(s) of the Dwelling at which the pet is kept, whether such pet is registered with the Association or otherwise, shall indemnify, defend, and hold harmless the Association and its Indemnitees against any and all actions, claims, damages, expenses, losses, or liabilities (including regulatory fines, court costs, and attorney fees) of any kind whatsoever incurred by or asserted against the Association or any of its Indemnitees arising from or in any way related to the pet.

8.23. Signs, Banners, and Flags

No sign, banner, flag, or the like shall be caused to be placed or displayed by any Owner or Resident on the Common Area, Limited Common Area, or allowed on the outside of a Dwelling, nor shall any such item be placed or displayed within a window or otherwise so as to be visible from outside of the Dwelling. Further, other reasonable time, place, and manner Rules for for-sale signs may be established by the Board to the extent they are not inconsistent with the Association Act or other applicable law.

8.23.3. United States Flag

Notwithstanding the foregoing, the Association shall not prohibit an Owner or Resident from displaying a United States flag inside their Dwelling or Limited Common Area appurtenant thereto, or on their Lot, or on the exterior of their Dwelling, if the display complies with United States Code, Title 4, Chapter 1, The Flag, and if no Common Area or Limited Common Area is modified, interfered with, or damaged in order to display the flag.

8.24. Holiday Displays

Notwithstanding anything to the contrary in this Declaration, and subject to reasonable time, place, and manner Rules established by the Board, Residents may, on the exterior of their Dwelling and its exclusively-appurtenant Limited Common Area, display holiday signs, symbols, and decorations of the kinds and at the times normally displayed on or about residences to the extent that such displays are temporary and, for Attached Units, leave no lasting traces on the exterior of

the Dwelling. The term “holiday” as used here shall be limited to the official federal and Utah state holidays as they may change from time to time. Notwithstanding the foregoing, no such signs, symbols, or decorations shall be placed on or otherwise interfere with or damage Common Area or lawns or landscaping that are maintained by the Association.

8.25. Antennas

With respect to Attached Units, the Association reserves the right to enter into exclusive contracts and agreements with commercial providers of cable, satellite, and similar data/media services thereby negotiating and/or granting rights to such providers for exclusive service to the Association, and to regulate the provisioning of such services within the Association. Except by the Association, no satellite dish or other exterior antenna or similar device, or related cabling or the like, shall be allowed, placed, or maintained on the exterior of any Attached Unit. Notwithstanding the foregoing, any such antenna or the like may be used anywhere on the interior of an Attached Unit.

With respect to Detached Units, any satellite dish or data/media antenna or similar device installed or mounted on a Detached Unit shall be installed or mounted so as to minimize its visibility from the front of the Dwelling without compromising its intended purpose or operation.

With respect to all Dwellings in the Project, no radio or television antenna (as opposed to the types of antenna discussed above) shall be installed or mounted on Common Area, Limited Common Area, or any Dwelling. Notwithstanding the foregoing, and subject to reasonable time, place, and manner Rules that are not inconsistent with the following, any antenna that is temporarily erected, but not otherwise installed or mounted, on a Lot or its exclusively-appurtenant Limited Common Area may be used to the extent that it does not become a nuisance or interfere with or damage lawns or landscaping that are maintained by the Association. Notwithstanding the foregoing, any such antenna or the like may be used anywhere on the interior of a Dwelling.

8.26. Temporary Structures

Except as otherwise provided in this Declaration, no Owner or Resident shall place or maintain any shed, storage container, tent, gazebo, or similar temporary structure on Common Area or Limited Common Area. Notwithstanding the foregoing, the Board shall have the power to establish Rules allowing and regulating such temporary structures that are not affixed to a Dwelling to the extent they are kept on Limited Common Area that is exclusively-appurtenant to the Owner’s or Resident’s Dwelling and to the extent that they do not become a nuisance or interfere with or damage Common Area or lawns or landscaping that are maintained by the Association.

8.27. Dwelling Attachments and Fixtures

Except as otherwise provided in this Declaration, no Owner or Resident shall affix or cause to be affixed anything, including but not limited to awnings, canopies, shutters, clothes lines, pots, plants, wind chimes, hose, lights, gates, electronic devices, flag pole holders, and other items, to or on any exterior surface, or that interferes with the maintenance or repair of such exterior surface, of any Attached Unit or other Dwelling for which the Association has exterior maintenance, repair, or replacement obligations. Notwithstanding the foregoing, the Board shall have the power to establish Rules allowing and regulating the affixing of such items to the extent they do not unreasonably

interfere with or increase the cost of the Association's maintenance, repair, or replacement obligations.

8.27.1. Personal Security Cameras

Notwithstanding the foregoing, the Association shall not prohibit an Owner from installing a personal security camera immediately adjacent to the entryway, window, or other outside entry point of the Owner's Dwelling.

8.28. Solar Equipment

No Owner or Resident shall install or cause to be installed a solar energy system of any type whatsoever, including but not limited to solar panels, solar water heaters, and solar power battery storage systems, on any roof, exterior wall, other building surface, Common Area, Limited Common Area, or other location for which the Association has a maintenance, repair, or replacement obligation.

With respect to Dwellings at which solar energy systems may be installed, the Board shall have the power to establish Rules that are not inconsistent with the above restriction and that are consistent with § 57-8a-701 of the Association Act.

8.29. Structural Integrity

Except as otherwise provided in this Declaration, nothing shall be done in any Attached Unit, or in, on, or to Common Area or Limited Common Area, which will impair the structural integrity of a building, or any part thereof, or which would structurally change the building.

8.30. Motor Vehicles

8.30.1. Passenger Vehicles

All passenger vehicles, including but not limited to passenger cars, trucks, vans, and motorcycles, that are parked or stored in the Project by an Owner or Resident shall be registered pursuant to applicable laws and ordinances, and maintained in good running condition sufficient for highway use. Passenger vehicles may be parked or stored in usually-closed garages or on driveways. Except for purposes of Association maintenance or repair, or as otherwise established by Rule, no passenger vehicle shall be parked or stored on the streets of the Project.

8.30.2. Recreational Vehicles

All recreational vehicles that are parked or stored in the Project by an Owner or Resident shall be licensed in accordance with applicable laws and ordinances, and maintained in good running condition sufficient for highway use. Recreational vehicles may be stored in usually-closed garages. Except for purposes of Association maintenance or repair or as otherwise established by Rule, no recreational vehicle shall be parked or stored on the streets of the Project, nor shall a recreational vehicle be parked or stored in driveways for more than three (3) nights.

8.30.3. Off-Highway Vehicles

No off-highway vehicle, including but not limited to off-highway motorcycles or the like, golf carts, type I, II, and III all-terrain vehicles as defined in Utah Code § 41-22-2, snowmobiles, motorized boats, and motorized aircraft, shall be stored or used in the Project. A non-motorized glider aircraft intended for manned use shall be considered an off-highway vehicle for purposes of this Declaration. Notwithstanding the foregoing, the Board shall have the power to establish Rules that allow for off-highway vehicles to be brought into and removed from the Project only on trailers and stored only in usually-closed garages. Any parking or storage of an off-highway vehicle on Common Area or Limited Common Area, and any use or operation of an off-highway vehicle within the Project, shall be considered a nuisance.

8.30.4. Moving Vans

Moving vans and the like may be parked on the streets and driveways of the Project during periods of loading or unloading; they should be parked so as to leave room for other vehicles to pass to the extent reasonably possible. Except as otherwise established by Rule: (1) no moving van shall be stored on the streets of the Project; and (2) no moving van shall be parked or stored in driveways for more than five (5) nights, and then only while the moving van is in the Project for purposes of being loaded or unloaded.

8.30.5. Service Vehicles

Service vehicles that are marked as such and are being used as such, including but not limited to vehicles used by or for contractors, service providers, emergencies, and deliveries, may park on the streets of the Project in the performance of services; they should be parked so as to leave room for other vehicles to pass to the extent reasonably possible. Except as otherwise established by Rule, no service vehicle shall be stored on the streets of the Project for more than five (5) nights, and then only while the service vehicle is in the Project for purposes of the services.

8.31. Trailers

Trailers may be parked on the streets and driveways of the Project while being loaded or unloaded; they should be parked so as to leave room for other vehicles to pass to the extent reasonably possible. Trailers may be stored in usually-closed garages. Except as otherwise established by Rule: (1) no trailer shall be stored on the streets of the Project; and (2) no trailer shall be parked or stored in driveways for more than five (5) nights, and then only while the trailer is in the Project for purposes of being loaded or unloaded.

8.32. Guest Parking

Except as otherwise established by Rule, parking stalls designated by the Governing Documents as guest parking shall not be used by Owners and Residents; such parking stalls are reserved for the use of guests.

8.33. Parking Enforcement

Consistent with the other provisions of this Declaration, the Board shall have the power to establish Rules to govern and enforce parking on the streets of the Project and in guest parking stalls and other Common Area parking stalls. Such Rules may, but are not limited to: (1) restrict the time period(s) and duration(s) of the use of parking stalls; (2) allow for the booting and/or towing of vehicles that improperly park; (3) assign available Common Area parking stalls to Dwellings, Owners, or Residents, or to other parties for exclusive use; (4) establish fees for the exclusive use of an assigned parking stall; and (5) establish a schedule of fines specific to parking violations. Notwithstanding the foregoing, the Association shall not charge a fee for Limited Common Area parking stalls appurtenant to specific Dwellings.

8.34. Rentals

The term “tenant” as used in this Declaration means each renter, lessee, boarder, and occupant of a long-term or short-term rental and, to the extent allowed by law, each guest and invitee of each such renter, lessee, and occupant.

8.34.1. Long-Term Rentals

The term “long-term rental” as used in this Declaration means a Dwelling that is leased or rented for occupancy to one (1) or more tenants under an agreement with an initial term of at least six (6) months, regardless of whether or not the Owner resides in the Dwelling during some or all of the occupancy.

Subject to applicable laws and ordinances regarding the rental and leasing of real property, any Dwelling may be used as a long-term rental.

8.34.2. Short-Term Rentals

The term “short-term rental” as used in this Declaration means a Dwelling that is leased or rented for occupancy to one (1) or more tenants under an agreement with an initial term of fewer than six (6) months and as short as one (1) night or less, regardless of whether or not the Owner resides in the Dwelling during some or all of the occupancy.

Short-term rentals shall be prohibited. Notwithstanding the foregoing, and subject to applicable laws and ordinances regarding the rental and leasing of real property, the Board shall have the power to establish Rules to allow and govern short-term rentals. Such Rules may, but are not limited to: (1) establish uniform criteria for Dwellings to be used as short-term rentals; and (2) establish a schedule of fines specific to short-term rentals.

8.34.3. Tenants Subject to Governing Documents

Each tenant shall be subject to and abide by the terms of the Governing Documents.

8.34.4. Joint and Several Liability

The Owner(s) of a long-term or short-term rental and their tenants shall be jointly and severally liable to the Association for (1) violations of the Governing Documents by or in any way related to a tenant; (2) acts and omissions of or in any way related to a tenant, regardless of intent or the degree of negligence; (3) damage to Common Area and Limited

Common Area caused either directly or indirectly by in any way related to a tenant; and (4) any other actions, claims, damages, expenses, losses, or liabilities (including regulatory fines, court costs, and attorney fees) of any kind whatsoever arising from or in any way related to a tenant.

8.34.5. Indemnification

The Owner(s) of a long-term or short-term rental shall indemnify, defend, and hold harmless the Association and its Indemnitees against any and all actions, claims, damages, expenses, losses, or liabilities (including regulatory fines, court costs, and attorney fees) of any kind whatsoever incurred by or asserted against the Association or any of its Indemnitees arising from or related in any way to such rental.

9. COMPLIANCE AND ENFORCEMENT

Any violation of the Governing Documents that is permitted to remain within the Project is deemed a nuisance and is subject to abatement by the Association of an Owner in any manner allowed by law.

9.1. Compliance

Each Owner or Resident of a Dwelling shall comply with applicable law, this Declaration, the Bylaws, and any Rules and Resolutions adopted pursuant thereto. Failure to comply therewith shall be grounds for a legal action by the Association or an Owner.

9.2. Remedies

Violation of any provision of the Governing Documents, or of any decision of the Association made pursuant to such documents, shall give the Board, acting on behalf of the Association, the right, in addition to any other rights set forth in applicable law or the Governing Documents, to do any or all of the following after giving notice and an opportunity to be heard: (1) levy reasonable fines in accordance with applicable law and the Bylaws; (2) enjoin, abate, or remedy such violation by any appropriate legal proceeding including but not limited to collection, lien, and foreclosure; and (3) bring suit or action against an Owner or Resident on behalf of the Association and/or on behalf of other Owners to enforce the Governing Documents.

In any legal proceeding or suit or action, the prevailing party shall be entitled to all costs and expenses, including but not limited to reasonable attorney's fees, of such proceeding, suit, or action.

9.3. Time Limit for Claims

Any claim, action, litigation, or the like arising out of this Declaration or the other Governing Documents brought by any party subject thereto against the Association or its Indemnitees must be commenced within twelve (12) months of the initial cause of such claim, action, litigation, or the like. Any such claim, action, litigation, or the like not brought against the Association or its Indemnitees within twelve (12) months shall be forever waived.

9.4. Action by Owners

Subject to any limitations imposed by applicable law or this Declaration, an Owner may bring an action against any Owner(s) or the Association to recover damages or to enjoin, abate, or

remedy a violation of the Governing Documents by any appropriate legal proceeding(s).

9.5. Injunctive Relief

Nothing in this article shall prevent an Owner, the Association, or other interested party from resorting to a court of competent jurisdiction in those instances where injunctive relief may be appropriate.

9.6. Variances

Variances to the provisions contained in this Declaration may be granted by the Board only when strict application would create an unforeseen or unreasonable hardship to an Owner(s); however, such a hardship cannot be self-created, solely economic in nature, or generally present with respect to a majority of Owners, Residents, or Dwellings. The Board cannot grant a variance that has the effect of modifying zoning or building code regulations. The burden of obtaining a variance is entirely on the applicant. The granting of a variance consistent with this provision is within the sole discretion of the Board.

10. ASSESSMENTS

Assessments collected by the Association shall be used for: (1) the operation, administration, management, care, maintenance, repair, preservation, improvement, and protection of the Project; (2) preserving and enhancing the value of the Project; and (3) for carrying out the duties and limited powers of the Association.

Except as otherwise provided in this Declaration, each Dwelling shall be subject to Assessments.

10.1. Regular Assessment

The amount of the Regular Assessment in a given year shall be no less than the total amount of the Master Budget for that year.

Each Dwelling subject to Assessments shall, in each given year, be assessed an amount based on the Master Budget for that year that is equal to that of all other Dwellings in the Association.

The Regular Assessment shall be payable to the Association in monthly installments as Association dues.

10.2. Special Assessment

The Board may levy Special Assessments from time to time for the purpose of defraying, in whole or in part, any expenses not reasonably capable of being fully paid from the Regular Assessment or, where appropriate, the Insurance Fund or Reserve Fund, including expenses related to emergencies, but not for Capital Improvements.

10.3. Individual Assessment

The Board may levy an Individual Assessment against a particular Dwelling, Owner, and/or Resident for: (a) damage to the Project caused by the Owner or Resident, or a member of their household or guest, or that otherwise causes the Association to incur any expense for maintenance, repairs, or enforcement action; or (b) any services reasonably provided to, or any reasonable

expenses incurred in relation to, the Dwelling due to an Owner's or Resident's failure to maintain the Dwelling, including to make emergency repairs to protect other Dwellings, Owners, Residents, Common Area, or Limited Common Area. Such amount shall be determined by the cost of such damage, maintenance, repairs, enforcement action, services provided, or expenses incurred and shall include all overhead and administrative costs, reasonable attorney fees, and any other related costs.

An Individual Assessment may be levied prior work being performed in the amount of a reasonable estimate of such work. Any amounts expended in excess of the estimate shall also be assessed.

10.4. Capital Assessment

The Board may, as a Capital Assessment component of the Regular Assessment or otherwise, levy a Capital Assessment upon obtaining the assenting vote of at least sixty-seven percent (67%) of the membership in the Association.

Each Capital Assessment shall be allocated to a particular Capital Improvement prior to being submitted for membership approval and shall remain allocated to that same Capital Improvement after approval. Any balance remaining after completion or termination of the Capital Improvement shall be refunded to the membership in the same proportion it was assessed.

10.5. Reserve Assessment

As required by § 57-8a-211 of the Association Act, the Association shall, in each fiscal year, levy a Reserve Assessment as a component of the Regular Assessment. The amount levied shall be sufficient to fund the Reserve Fund at a level of 100%, including inflation adjustments, as established by the most recently performed reserve study.

10.6. Reinvestment Fee Covenant

With respect to each and every conveyance of a Dwelling to a new Owner, including the first conveyance to the first owner of the Dwelling, a fee in the maximum amount allowed by law as it may change from time to time, currently one-half percent (0.5%) of the value of the Dwelling, (the "Reinvestment Fee") shall be paid to the Association.

The Reinvestment Fee shall be paid by the buyer of the Dwelling unless otherwise agreed in writing by the buyer and the seller, and shall be in addition to any pro rata share of assessments due and adjusted at settlement.

The existence of this covenant (the "Reinvestment Fee Covenant") precludes the imposition of an additional reinvestment fee covenant on the burdened property. The purpose of the amount required to be paid under this covenant is to facilitate the maintenance of common areas and facilities, and is required to benefit the Project.

To the fullest extent practicable, the Reinvestment Fee shall be collected at the closing of the purchase/sale transaction by a title company, escrow company, or other person involved with the transaction, and paid directly to the Association.

Funds obtained from payment of all Reinvestment Fees shall be allocated solely to the Reserve Fund.

The obligation to pay the Reinvestment Fee shall be a joint and several personal and continuing obligation of the seller and buyer regardless of whether the buyer acquired title by regular conveyance or pursuant to a foreclosure sale (judicial, non-judicial, or otherwise). Notwithstanding, conveyance of a Dwelling by inheritance, probate, or the like, or from an Owner to a trust or similar structure of which the Owner is directly or indirectly a beneficiary, including a living trust, shall not be subject to the Reinvestment Fee.

10.7. Other Fees

In addition to any other fees provided for herein, the Association shall be entitled to charge the following fees.

10.7.1. Fines

The Association may impose fines against Dwellings, Owners, and/or Residents in accordance with § 57-8a-208 of the Association Act and other applicable law, and as provided in the Bylaws.

10.7.2. Closing Fee

The Association may charge a fee in an amount not to exceed \$50 (fifty US Dollars) for providing Association payoff information needed in connection with the financing, refinancing, or closing of a Dwelling as provided in § 57-8a-106 of the Association Act.

10.7.3. Setup Fee

The Association may charge a setup fee in an amount not to exceed \$250 (two hundred and fifty US Dollars) for setting up a new Member, Resident, or other party with the Association.

10.7.4. Late Payment Fee

The Association may charge a late payment fee in an amount of \$25 (twenty-five US Dollars) or 10% (ten percent), whichever is greater, on any delinquent amount owed to the Association.

10.7.5. Attorney Fees

In addition to any other attorney fees and other costs provided for herein, the Association shall be entitled to recover attorney fees, administrative costs, and all other costs that it incurs in relation to: (a) obtaining legal advice about an actual default or an actual violation of the Governing Documents; (b) collecting, via third-party(s) or otherwise, unpaid assessments or other delinquent amounts; (c) filing and prosecuting lawsuits and taking any other legal actions (including mediation and arbitration) in relation to any such default or violation; (d) monitoring or otherwise engaging in any way in bankruptcy proceedings that involve any party in such default; (e) preparing, noticing, recording, securing, foreclosing, or taking any other action in relation to a lien against a Dwelling; and (f) taking any other action in relation to such default or violation. This provision shall be broadly construed to permit the Association to recover any reasonable attorney fees, administrative costs, and other costs in any way related to such default or violation both during and after membership or

residency in the Association.

In addition to the foregoing, should any party(s) bring suit in relation to the Project or the Association or its Governing Documents against any other party(s), either during or after any such party's membership or residency in the Association, the prevailing party(s) shall be entitled to recover costs and reasonable attorneys' fees, including court costs, witness fees, and all other related costs, from the non-prevailing party(s) which shall be jointly and severally liable for all such costs and fees.

10.7.6. Interest

Interest shall accrue to the Association at a rate of 18% (eighteen percent) on all delinquent amounts due.

10.8. No Offsets

All assessments and fees shall be payable at the time and in the amount specified by the Association, and no offsets against such amounts by Owners and Residents shall be permitted for any reason, including but not limited to claims that the Board is not properly exercising its duties and power, claims in the nature of offset or that the Association owes the Owner or Resident money, or claims that the Association is not complying with its obligations as provided for in the Governing Documents.

10.9. Statement of Unpaid Assessments

Upon an Owner's written request accompanied by payment of a fee in the amount of \$10 (ten US Dollars), the Association shall within ten (10) days of such request and payment issue a written statement indicating any unpaid assessments or other amounts due and payable by the Owner as provided in § 57-8a-206 of the Association Act. Once issued, each such written statement shall be binding upon all other Owners, the Manager, and the Board in favor of any person who relies in good faith on the written statement.

10.10. Due Dates and Collection

10.10.1. Assessments and Fees

The monthly installments of the Regular Assessment (i.e., dues) shall be due and payable in full by the first (1st) day of each month for that month.

All other assessments, fees, and other amounts due shall be due and payable in full within thirty (30) days of the dates levied, imposed, or otherwise charged.

For purposes of the Association Act, all fees and other amounts due, including fines, accrued interest, administrative fees, and attorney fees and costs, shall be considered an Individual Assessment or other "assessment" as that term is used in the Association Act.

10.10.2. Delinquency

Any assessment, fee, or other amounts due that are not paid in full by their due dates shall be considered delinquent.

10.10.3. Partial Payment

Partial payments shall be credited first to collection costs (including attorney fees), then to interest, then to late fees, then to the oldest assessments owed, and then the most recent assessments owed.

10.10.4. Collection

The Association may engage one or more agents to perform collection and other related tasks, and may disclose to its agents any personal information of Owners, Residents, and other parties reasonably necessary to perform such collection and other related tasks, even if such information is otherwise protected or considered private.

Amounts owed by any party under this Declaration or any other of the Governing Documents, including any assessments, fees, and interest accrued, that are delinquent for more than sixty (60) days may be submitted for collection. The owing party(s) shall pay all delinquent amounts owed together with any and all related costs, fees, and interest allowed by law and provided for in the Governing Documents. Should collection be performed by a third-party agent, the owing party(s) hereby covenants and agrees to pay all related collection costs and fees, including a fee in the amount of the maximum percentage allowed by law of the total delinquent amounts as well as all legal and other fees and costs related to their collection, with or without suit, including administrative fees, attorney fees, court costs, filing fees, and all other costs and fees related to the delinquent amounts and their collection. This provision shall remain in force against all parties owing any amount to the Association both during and after membership or residency therein.

10.10.5. Joint and Several Liability

All Owners of a Dwelling shall be jointly and severally liable for all amounts owed to the Association in relation to the Dwelling or any of its Owners. Should a non-Owner Resident of a Dwelling owe any amounts to the Association, the Resident and all Owners of the Dwelling shall be jointly and severally liable for all such amounts.

10.10.6. Lien

The Association has a lien on each Dwelling as provided in § 57-8a-301 of the Association Act for all assessments and for all fees, charges, and costs associated with collecting an unpaid assessment, including court costs and reasonable attorney fees, late fees, interest, and any other amount the Association is entitled to recover as provided for herein or as provided for in an administrative or judicial decision.

WITH RESPECT TO ANY LIEN IN EXISTENCE NOW OR IN THE FUTURE, EACH OWNER OF A DWELLING HEREBY WAIVES THE BENEFITS OF ANY HOMESTEAD LAWS OR EXEMPTION LAWS, INCLUDING THOSE OF THE STATE OF UTAH, NOW IN EFFECT OR AS THEY MAY COME INTO EFFECT FROM TIME TO TIME HEREAFTER.

The Association may, but need not, record a notice of lien against a Dwelling.

10.10.7. Foreclosure

The Association shall have all rights and powers of foreclosure granted by the Association Act and other applicable law, both judicially and non-judicially. Pursuant to Utah Code §§ 57-1-20 and 57-8a-302, an Owner's acceptance of an interest in a Dwelling constitutes a simultaneous conveyance of the Dwelling in trust, with power of sale, to the Association's attorney of record, as trustee, for the benefit of the Association, for the purpose of securing payment of Assessments under the terms of this Declaration. The Association may appoint a qualified successor trustee from time to time by executing and recording a substitution of trustee form.

In addition to any other action taken, the Association may commence a foreclosure proceeding, judicial or non-judicial, at any time after an amount owed to it has been delinquent for at least one hundred and twenty (120) days.

By taking a security interest in a Dwelling governed by this Declaration, lenders cannot make any claim against the Association for nonpayment of taxes, assessments, or other costs and fees associated with the Dwelling if the Association takes title to the Dwelling in relation to any failure to pay assessments.

10.10.8. Payment by Tenant

Pursuant to § 57-8a-211 of the Association Act, the Association shall have a right to demand and collect rent from any tenant under a lease or similar agreement with an Owner of a Dwelling for any delinquent Assessment owed by the Owner to the Association that is more than sixty (60) days past due. The Association shall obtain insurance as required in this Declaration and the Association Act, and may obtain insurance that provides more or additional coverage than the insurance required.

For purposes of the Association Act, the term Attached Unit as defined herein also means "attached dwelling" as that term is used in the Association Act, and the term Detached Unit as defined herein also means "detached dwelling" as that term is used in the Association Act.

the insurance is purchased and at each renewal date. The deductible for any Attached Units under such property insurance shall not be less than \$10,000 (ten thousand US Dollars) and, to the extent available, the deductible for the Common Area and Limited Common Area under such property insurance shall not be more than \$1,000 (one thousand US Dollars).

If a loss occurs that is covered by a property insurance policy in the name of the Association, the Owner is responsible for the Association's deductible and the Owner's policy, if any, applies to that portion of the loss attributable to the Association's deductible.

An Owner that has suffered damage to any combination of its Dwelling or Limited Common Area appurtenant to the Dwelling ("Dwelling Damage") as part of a loss, resulting from a single event or occurrence, that is covered by the Association's property insurance policy (a "Covered Loss") is responsible for an amount calculated by applying the percentage of total damage resulting in a Covered Loss that is attributable to Dwelling Damage for that Dwelling to the amount of the deductible under the Association's property insurance policy. If the Owner does not pay the amount for which it is responsible within thirty (30) days after substantial completion of repairs to the Dwelling and/or the Limited Common Area appurtenant to the Dwelling, the Association may levy an assessment against the Owner for that amount.

13.2.2. Claims under Deductible Amount

If, in the exercise of the business judgment rule, the Board determines that a claim is likely not to exceed the Association's deductible: (1) the Owner's insurance policy is considered the policy for primary coverage up to the amount of the Association's deductible; (2) an Owner that does not have an insurance policy to cover the Association's deductible is responsible for the loss up to the amount of the Association's deductible; and (3) the

Association need not tender the claim to the Association's insurer.

13.2.3. Deductible Notice

The Association shall provide notice to the Members of an Owner's obligation for the Association's deductible and of any change in the amount of the deductible. If the Association fails to provide notice of the initial deductible, it shall be responsible for the entire deductible in case of any loss. If the Association fails to provide notice of any increase in the deductible, it shall be responsible for paying any increased amount that would otherwise have been assessed to the Owner. Failure to provide notice shall not invalidate or affect any other provision in this Declaration.

The Association may obtain earthquake insurance as the Board deems appropriate.

13.4. Flood Insurance

The Association may obtain flood insurance as the Board deems appropriate.

13.5. Liability Insurance

2 MEETINGS OF MEMBERS

2.1 Annual Meetings of Members

As scheduled by the Board, one annual meeting of Members shall be held during the first quarter of each calendar year at a place and time designated by the Board. The primary purpose of the annual meeting shall be for electing members of the Board.

2.2 Special Meetings of Members

Special meetings of Members may be called at any time by the Board or upon written request signed by a majority of the Members and provided to the Board. Such a written request shall state the specific purpose for the meeting requested. The Board shall designate the place, time, and purpose of a special meeting.

Anything contrary notwithstanding, the Board remains the only body authorized to act for and on behalf of the Association and its Members.

2.3 Electronic Meetings of Members

To the extent arranged by the Board, any or all Members may participate in an annual, special, or other meeting of Members by, or the meeting may be conducted through the use of, any means of communication by which all individuals participating in the meeting may hear each other during the meeting. A Member participating in such a meeting is considered to be present in person at the meeting.

2.4 Notice of Meetings of Members

The Association shall give to each Member entitled to vote at a meeting of Members written notice of the place, date, time, and purpose of the meeting no less than ten (10) days and no more than thirty (30) days before the meeting. Notice shall be mailed to Members via first-class or registered mail, or provided by electronic means such as email or the Association's website, or given as otherwise provided by law.

Written notice of a meeting of Members shall include a description of any matter(s) that must be approved by the Members or for which the Members' approval is sought.

When giving written notice of a special meeting of Members that was requested by a majority of the Members, the Association shall give notice of the specific purpose for the meeting and any matter that a Member intends to raise for Member approval at the meeting if requested to do so in a signed writing by a person entitled to call the meeting and the request is received by a member of the Board at least ten (10) days before the Association gives notice of the meeting.

2.5 Action by Written Ballot

At the discretion of the Board, or upon written request signed by Owners representing a majority of the Units and provided to the Board, any action that may be taken at a meeting of Members may alternatively be taken without a meeting and without prior notice if the Association delivers a written ballot in accordance with the following requirements to every Member eligible to vote.

The Secretary shall keep and maintain Minutes of actions by written ballot.

2.5.1 Effect

Any action taken by written ballot has the same effect as action taken at a meeting of Members, and may be described as such in any document.

2.6 Quorum at Meetings of Members

Except as otherwise provided in the Declaration or these Bylaws, the quorum required at a meeting of Members shall be those Owners present in person or by proxy at the meeting.

2.7 Eligibility of Members to Vote

A Member must be eligible to vote for its vote to be counted. A Member is eligible to vote in a meeting of Members or in an action by written ballot only if that Member is in Good Standing for at least thirty (30) days prior to the date of the meeting of Members or the date the written ballot is postmarked, sent, or otherwise

delivered. A Member is in Good Standing only if all of the Owner(s) and Resident(s) of the Member's Unit are in Good Standing and if the Member's Unit itself is in Good Standing. A Member that is not eligible to vote is, for purposes of the Nonprofit Act, not entitled to vote.

2.8 Voting at Meetings of Members

Any action taken at a meeting of the Members shall be taken by written ballot. Written ballots for such action may be delivered to the Members with written notice of the meeting or at the meeting.

Following a vote at any meeting of Members, the Association shall provide notice of the action taken by written ballot to the Members.

2.9 Proxy Appointments by Members

Members may vote in person or by proxy in all meetings of Members.

2.9.1 Content

Each proxy appointment form shall (1) clearly appoint a named individual as the appointing individual's attorney-in-fact and agent to vote as proxy for the appointing individual at a meeting(s) of Members; (2) include a statement that the appointing individual signing the proxy appointment form is certifying under penalty of perjury that the provided information is complete, true, and correct and that, if the Owner is a legal entity, the appointing individual is a duly-authorized representative of the Owner for purposes of the proxy appointment (collectively the "Required Proxy Content").

In addition to the Required Proxy Content, each proxy appointment form shall include clearly-identified locations or fields for the appointing individual to provide the following information: (1) the physical address of the Unit for which the proxy is being appointed; (2) the printed name of the individual being appointed; (3) the date of the meeting at which the proxy is to be exercised or other period of time during which the proxy appointment is valid, as allowed by law; (4) the day, month, and year the proxy appointment form is signed; (5) the appointing individual's signature; and (5) the appointing individual's full legal name (collectively the "Proxy Information").

Exhibit A is an example proxy appointment form that meets the requirements of these Bylaws.

2.9.2 Receipt

An original proxy appointment or a complete copy thereof, electronic or otherwise, must be received by the Association no later than the scheduled date and time of the meeting but no more than one week before such time.

2.9.3 Validity

Each proxy appointment, or complete copy thereof, provided to the Association must be timely received by the Association. Any ballot not timely received by the Association shall not be considered valid and shall not be counted.

Each proxy appointment, or complete copy thereof, returned to the Association shall include all the Required Proxy Content and all of the required Proxy Information. A proxy appointment received by the Association

shall not be considered valid and shall not be effective if it does not include all the Required Proxy Content and all of the required Proxy Information or if any of the Proxy Information is not provided in a reasonably legible form or in the identified locations or fields provided on the proxy appointment form for such information.

If multiple proxies are appointed for a particular Unit, the only valid one is that which was issued latest in time; if it is not clear which was issued latest in time then all shall be considered invalid. Acts by invalid proxy shall be considered invalid.

If an Owner dies or is found incompetent after making proxy appointment, the Owner's proxy is valid unless the Association has been notified in writing prior to use of the proxy.

The duly-executed documentation of an attorney-in-fact, if timely received by the Association, shall be accepted in lieu of a proxy appointment.

2.9.4 Revocation

A proxy appointment may be revoked by the issuing Owner or its attorney-in-fact by attending a meeting and voting in person, or by delivering a subsequent proxy appointment that is received by the Association no later than the scheduled date and time of the meeting but no more than one week before the meeting.

2.10 Conduct at Meetings of Members

The Board, or its authorized representatives, shall preside at all meetings of Members. The Secretary, or other authorized person, shall keep and maintain Minutes of meetings of Members.

All voting, including for Directors, at a meeting of Members shall take place using written ballots as described below.

During a meeting of Members, the board shall provide a reasonable opportunity for Owners to offer comments; the Board may limit such comments to one specific time period during the meeting.

Attendance at meetings of Members is limited to Owners or their attorneys-in-fact or proxies, and any Manager. Residents and others that are not Owners may not attend meetings of Members.

The Board may adopt further policies and procedures with regard to conduct at meetings of Members.

2.11 Written Ballots

2.11.1 Content

Each written ballot shall: (1) briefly describe one and only one proposed action; (2) provide an opportunity to vote for or against the proposed action; (3) specify the period of time during which the completed ballot must be received by the Association in order to be valid and counted; (4) indicate the number of valid returned ballots needed to meet quorum requirements; (5) state the percentage or other amount of approvals necessary to approve the proposed action; (6) include a statement that only one vote is allowed per Unit and that if more than one ballot is received by the Association from the Owner(s) or its proxy(s) or agent(s) for the same Unit than all of the ballots received for that Unit shall be considered invalid and shall not be counted; (7) include a statement that the voter signing the ballot is certifying under penalty of perjury that the provided

information is complete, true, and correct and that, if the Owner is a legal entity, the voter is a duly-authorized representative of the Owner for purposes of the action by written ballot; and (8) be accompanied by written information sufficient for Members to reach an informed decision on the proposed action (collectively the "Required Ballot Content").

In addition to the Required Ballot Content, and with respect to an Owner and its Unit for which a ballot may be cast, each written ballot shall also include clearly-identified locations or fields for the voter to provide the following information: (1) the physical address of the Unit; (2) the printed full legal name of the Owner; (3) an indication as to whether the Owner is a legal entity; (4) the current physical address of the Owner; (5) the voter's printed full legal name, if different than that of the Owner; (6) the voter's current physical address, if different than that of the Owner; (7) the voter's current email address; (8) the voter's current telephone number; (9) the voter's signature; (10) an indication as to whether the voter signing the ballot is: (a) the Owner, (b) the Owner's proxy or agent, or (c) the Owner's authorized representative if the Owner is a legal entity (collectively the "Voting Information").

Except as otherwise provided by the Declaration, the period of time during which completed ballots must be received by the Association shall be at least thirty (30) days and no more than 90 days, or such other period of time allowed by law.

Except as otherwise provided by the Declaration, the number of valid ballots required to meet quorum requirements shall be the number of valid ballots timely received by the Association.

Except as otherwise provided by the Declaration, the percentage or other amount of approvals necessary to approve a proposed action shall be a majority of the valid ballots cast in approval of the proposed action. Alternatively, if the ballot is for the election of one or more candidates, the candidate(s) receiving the largest number(s) of votes shall be the percentage or other amount of approvals necessary to elect the candidate(s).

A completed written ballot that, after reasonable investigation by and in the judgement of the Board, is deemed to not be what it purports to be: (1) shall not be considered valid and shall not be counted; or (2) may, within a reasonable period of time after the action but not to exceed ten (10) days, be declared invalid and, at the discretion of the Board, the election results may be adjusted accordingly. Such a declaration shall be in writing signed by a majority of the Directors; such writing shall include the records of the investigation and shall be kept with the Minutes of the action by written ballot.

A written ballot may be in electronic form; signatures on written ballots may be scanned or may be digital or electronic signatures in any form consistent with Utah law.

Exhibit B is an example written ballot for voting on a single proposed action that meets the requirements of these Bylaws.

Exhibit C is an example written ballot for the election of a Director(s) that meets the requirements of these Bylaws. Each such ballot may need to be accompanied by additional written information as needed for Members to reach an informed decision with respect to the candidates.

2.11.2 Delivery

Written ballots and any related information shall be delivered to Owners in person, by mail, or by electronic means including email or a website, or delivered as otherwise provided by law.

2.11.3 Receipt

Members shall be given at least thirty (30) days from the day on which the written ballots and any related information are delivered before their completed written ballots must be received by the Association, except as otherwise provided by law. Members may return their completed written ballots, or complete copies thereof, to the Association in person, by mail, by email, or by any other means allowed by law. Notwithstanding the foregoing, completed written ballots used at a meeting of the Members shall be returned in person or electronically when called for during the meeting.

Once a completed written ballot has been received by the Association, it cannot be revoked.

2.11.4 Validity

Each completed written ballot, or complete copy thereof, returned to the Association must be timely received by the Association. Any ballot not timely received by the Association shall not be considered valid and shall not be counted.

Each completed written ballot, or complete copy thereof, returned to the Association shall include all the Required Ballot Content and all of the required Voting Information. A ballot received by the Association shall not be considered valid and shall not be counted if it does not include all the Required Ballot Content and all of the required Voting Information or if any of the Voting Information is not provided in a reasonably legible form or in the identified locations or fields provided on the written ballot for such information.

If more than one valid written ballot is received by the Association from the Owner(s), their proxies, and/or agents for the same Unit, then all of the ballots received for that Unit shall be considered invalid and shall not be counted.

Except as otherwise provided by the Governing Documents, a Member's written ballot may not be revoked once it is received by the Association.

3 BOARD OF DIRECTORS

3.1 Number of Directors

The Board shall be composed of three (3) individuals.

3.2 Term of Directors

Directors shall serve for a term of two (2) years; provided, however, that the first Board shall identify one of the three Directors to serve for a one-year term with the other two Directors serving a two year term. Thereafter, all Directors elected shall serve for a two year term. Board members shall continue to serve until their respective successors are elected, or until their death, resignation, or removal.

3.3 Eligibility Requirements for Directors

Each member of the Board shall at all times be an Owner. Notwithstanding, should multiple Owners hold a Present Ownership Interest in the same Unit, only one of those Owners can be a member of the Board at any one time. An Owner need not be a Resident to be a member of the Board.

Notwithstanding the foregoing, if, after written notice of a meeting of Members for the purpose of electing a Director(s), no Owner volunteers to fill a vacancy on the Board within a reasonable time, such as at an annual meeting of Members, then the remaining Director(s) or, if none, the Manager, shall select a non-Member Director to fill the vacancy. The selected non-Member may be any Person including any representative of the Manager.

3.4 Powers and Duties of the Board

Except as limited by the Declaration or Articles of Incorporation, the Board shall have all the powers and duties provided for by law, including but not limited to administering the Association's affairs, performing the Association's responsibilities, and exercising the Association's rights as set forth in applicable law and the Governing Documents.

The authority of each Director is equal to that of all other Directors, regardless of any office each Director may hold.

3.5 Delegation of Powers and Duties of the Board

To the extent allowed by law, the Board shall have power and authority to delegate from time to time its powers, authorities, duties, and discretions to one or more managers, officers, committees, volunteers, or other agents, subject to any limitations in the Declaration, Articles of Incorporation, or these Bylaws.

3.6 Resignation of Directors

A Director may resign at any time by delivering a written resignation to the Board. Unless otherwise specified in the written resignation, it shall take effect upon delivery.

The failure of a Director to attend at least two (2) consecutive Board meetings over a period of at least two (2) consecutive months shall be effective as a resignation by the Director if confirmed by an affirmative vote of the Board, unless the Director notified the Board of his or her inability to attend in writing, electronic or otherwise, in advance of each unattended meeting. The failure of a Director to attend at least four (4) consecutive Board meetings over a period of at least four (4) consecutive months shall be effective as a resignation by the Director if confirmed by an affirmative vote of the Board, regardless of the Director's notice to the Board.

3.7 Removal of Directors

A Director may be removed from the Board at any time with or without cause. Removal of a Director from the Board shall require a vote by written ballot in which at least fifty-one percent (51%) of the Members vote to remove the Director. The vote to remove the Director shall take place only at a special meeting of Members with the written notice stating that the purpose of the meeting is to vote to remove the Director.

4 NOMINATION AND ELECTION OF DIRECTORS

4.1 Nomination of Directors

Nominations for election to the Board may be made in advance of an annual meeting of Members by written solicitation for nominations. Such solicitation shall be delivered to all eligible Members no less than fifteen (15) days and no more than thirty (30) days before written notice of an annual meeting of Members. Such solicitation shall indicate: (1) the number of Director to be elected; (2) the term and eligibility requirements for Directors; (3) the date by which written nominations must be received by the Association; and (4) a statement that each nominee must provide a signed writing accepting such nomination and certifying that he or she meets the eligibility requirements for Directors.

All nominations and signed acceptances must be received by the Association no later than three (3) days before the written notice of the annual meeting of Members is sent. Written ballots that include the names of the self-certified nominees as candidates shall be sent with the written notice of the annual meeting of Members.

Nominations for election to the Board may alternatively be made from the floor at an annual meeting of Members.

4.2 Election of Directors

The election of Directors shall be by written ballot. The candidates receiving the largest number of votes shall be elected. Cumulative voting is not authorized.

A Director may be elected to serve consecutive terms.

4.3 Vacancies on the Board

In the event of the death, resignation, or removal of a Director, his or her successor shall be selected by the remaining Directors, regardless of the number of remaining Directors, and shall serve for the unexpired term of his or her predecessor.

5 MEETINGS OF THE BOARD

5.1 Quarterly Board Meetings

Meetings of the Board shall be held quarterly, or more frequently and at any other time as determined by the Board, and shall be held at a place and time designated by the Board.

A gathering of some or all of the members of the Board at which they do not conduct or vote on Association business is not considered a Board meeting.

5.2 Electronic Board Meetings

To the extent arranged by the Board, any or all Directors may participate in a Board meeting by, or the meeting may be conducted through the use of, any means of communication by which all individuals

participating in the meeting may hear each other during the meeting. A Director participating in such a meeting is considered to be present in person at the meeting.

5.3 Notice of Board Meetings to Directors

Notice of Board meetings shall be provided to Directors by email or other electronic means at least 48 hours before a Board meeting. This notice requirement shall be deemed waived for a Board meeting held to address an emergency for which 48 hours' notice is not reasonable.

Directors shall provide an email address to the Board for purposes of notice of Board meetings.

5.4 Notice of Board Meetings to Owners

The Association shall provide notice of a Board meeting by email to Owners that have requested in writing to be notified of Board meetings and have provided a valid email address, unless notice of the Board meeting is included in a Board meeting schedule that was previously provided to Owners, or the Board meeting is to address an emergency and each Director receives notice of the emergency Board meeting less than 48 hours before the meeting.

Notice of Board meetings to Owners shall state the place, date, and time of the Board meeting. If any Director may participate in a Board meeting via electronic means, the notice to Owners shall provide the information necessary to allow attending Owners to also participate via the electronic means.

5.5 Action without a Board Meeting

As further described in the following subsections, the Board may take any action without a Board meeting that may be taken at a Board meeting by obtaining written approval of a proposed action by a majority of the Directors, electronic or otherwise. Any action so approved shall have the same effect as though taken at a Board meeting.

The Secretary shall keep and maintain Minutes of actions taken without a meeting.

5.5.1 Consent

Prior to taking an action without a Board meeting, all Directors must consent in writing to taking the action.

A Director may revoke his or her written consent by submitting a signed revocation that is received by the Secretary prior to the Secretary receiving the last signed vote for the action being taken.

Such written consents and revocations, and all other written communications, electronic or otherwise, regarding an action to be taken without a Board meeting, shall be kept and maintained with the Minutes of such action.

5.5.2 Written Notice

After obtaining signed consents from all Directors, written notice of the action to be taken without a Board meeting shall be sent to all members of the Board. Such notice shall state: (1) the action to be taken; (2) the time by which each Director must respond to the notice; (3) that failure to respond by the time stated in the notice will have the same effect as: (a) abstaining in writing by the time stated in the notice; and (b) failing to

demand in writing by the time stated in the notice that the action not be taken without a meeting. Such notice may be sent to Directors electronically or otherwise.

5.5.3 Voting

In response to the written notice of the action to be taken without a Board meeting, each Director may, by the time stated in the notice, return his or her signed writing to the Secretary: (1) for the action; (2) against the action; (3) abstaining from voting; or (4) demanding that action not be taken without a meeting. Such a signed writing may be returned electronically or otherwise.

A Director's failure to respond to the written notice by the time stated in the notice will have the same effect as the Director abstaining in writing by the time stated in the notice.

A Director's timely demand that action not be taken without a meeting shall operate as the Director's revocation of consent. In such a case, the action cannot be taken without a Board meeting. Otherwise, the action is approved only if a majority of the Directors vote in approval of the action.

Signatures on writings may be scanned or may be written, digital, or electronic signatures in any form consistent with Utah law. An email or other electronic transmission by a Director that communicates his or her vote, abstention, demand, or revocation regarding an action shall be considered a signed writing.

5.5.4 Effect

Any action taken without a Board meeting has the same effect as action taken at a Board meeting, and may be described as such in any document.

5.6 Quorum at Board Meetings

A majority of the number of Directors shall constitute a quorum sufficient for the Board to conduct Association business.

5.7 Proxy Appointments by Directors

Directors shall attend Board meetings themselves as opposed to by proxy; no proxy appointment by a Director for purposes of a Board meeting shall be effective.

5.8 Conduct at Board Meetings

The President or an authorized individual shall preside at Board meetings. The Secretary or other authorized individual shall keep and maintain Minutes of Board meetings.

Attendance at Board meetings is limited to Directors and those Owners that have requested in writing to be notified of Board meetings, or their attorneys-in-fact, and any Manager invited by the Board; Non-Owners may not attend Board meetings.

The Board may elect to enter an executive session to: (1) consult with an attorney for the purpose of obtaining legal advice; (2) discuss ongoing or potential litigation, mediation, arbitration, or administrative proceedings; (3) discuss a personnel matter; (4) discuss a matter relating to contract negotiations, including review of a bid or proposal; (5) discuss a matter that involves an individual if the discussion is likely to cause

the individual undue embarrassment or violate the individual's reasonable expectation of privacy; or (6) discuss a delinquent assessment or fine.

Owners who attend Board meetings may be present for all discussion, deliberation, and decisions except when the Board is in executive session.

Owners shall comply with all reasonable policies and procedures established by the Board for their attendance, and shall remain silent except when comments are solicited by the Board. The Board may limit attendees' comments to a specific time period during the meeting.

The Board may adopt further policies and procedures with regard to conduct at Board meetings.

5.9 Action by the Board

Any act of the Board shall be valid, if the required quorum is present at the time of the act, unless otherwise required by law, the Declaration, or these Bylaws. Each Director present shall have one vote.

6.1 Elected and Appointed Officers

The elected officers of the Association shall be: (1) a president, (2) a vice-president, (3) a secretary, and (4) a treasurer.

An appointed Officer may not delegate duties without written approval of the Board, but may engage one or more volunteer assistants from time to time. The Board may withdraw written approval to delegate duties at any time with or without cause.

A Manager may perform one or more of the duties of any Officer at any time at the discretion of the Board.

An Officer may resign at any time by delivering a written resignation to the Board. Unless otherwise specified in the written resignation, it shall take effect upon delivery.

6.9 Removal of Officers

An Officer may be removed from office at any time with or without cause. Removal of an Officer, elected or appointed, from office shall require a majority vote of the Board. Notwithstanding, an Officer removed from office who is also a Director shall remain a Director unless also removed as a Director.

7 NOMINATION AND ELECTION OF OFFICERS

7.1 Nomination of Officers

Nominations for election to an office may be made by members of the Board from the floor of a Board meeting, or by a candidate seeking the office by providing a signed writing to the Board no less than one (1) day and no more than thirty (30) days before the Board meeting.

7.2 Election of Officers

The election of elected Officers shall be by majority vote of the Board and shall take place at the first Board meeting following an annual meeting of Members. The candidates receiving the largest number of votes shall be elected. Cumulative voting is not authorized.

An elected Officer may be re-elected to the same office any number of times.

7.3 Vacancies of Offices

In the event of the death, resignation, or removal of an elected Officer, his or her successor shall be elected by the Board and shall serve for the unexpired term of his or her predecessor.

8 COMMITTEES

The Board may appoint such committees as deemed appropriate in carrying out the purposes of the Association, including appointment of an Architectural Committee. Except as otherwise provided by the Declaration or Articles of Incorporation, a committee shall not have any powers, duties, or responsibilities beyond those specifically assigned by the Board. The Board may terminate any committee or committee member, or revoke any assigned powers, duties, or responsibilities, at any time with or without cause.

The Board may adopt further policies and procedures with regard to committees and their composition, powers, duties, responsibilities, proceedings, conduct, or any other matter.

Except as provided by the Declaration or Articles of Incorporation, all committees shall be advisory in nature; the Board remains the only body authorized to act for and on behalf of the Association and its Members.

9 RULEMAKING PROCEDURES

9.1 Authority for Rulemaking

In accordance with applicable law, the Board shall have the authority to adopt, amend, modify, cancel, limit, create exceptions to, expand, or enforce Rules.

9.2 Procedures for Rulemaking

Before adopting, amending, modifying, canceling, limiting, creating exceptions to, or expanding a Rule, the Board shall: (1) at least fifteen (15) days before the Board will meet to consider a change to the Rules, deliver notice to the Members that the Board is considering a change to the Rules; (2) provide an open forum at the Board meeting giving Owners an opportunity to be heard at the Board meeting before the Board takes action to change the Rules; and (3) deliver a copy of the change in the Rules approved by the Board to the Members within 15 days after the date of the Board meeting.

A Rule may not be inconsistent with any provision of the Declaration, the Articles of Incorporation, these Bylaws, or a duly-adopted Resolution.

9.3 Notice for Rulemaking

Notice relating to a change to the Rules shall be mailed to Members via first-class or registered mail, or provided by electronic means including email or the Association's website, or given as otherwise provided by law.

9.4 Effective Date of Rules

A Rule, or any change thereto, shall become effective ten (10) days after the date that it is provided to the Members by first-class or registered mail, electronic means including email or the Association's website, or as otherwise provided by law.

9.5 Applicability of Rules

Owners, Residents, and, to the extent allowed by law, all Persons who enter upon or in any way make use of the Common Area, shall be subject to enforcement of the Governing Documents.

Owners and Residents shall be jointly and severally liable for violations of the Governing Documents by the non-owner Residents of the Owners' Units, including the tenants of their Units. Tenants are not responsible for the violations of Owners with respect their rental Units provided the tenants do not contribute to such violations.

9.6 Limitations in Rulemaking

9.6.1 Equal Treatment

A Rule shall treat similarly situated Owners and Residents similarly.

9.6.2 Retroactive Rules

A Rule shall not retroactively require a Resident to dispose of personal property within the Association before the adoption of the Rule if the personal property was in compliance with the Governing Documents before the Rule was in force. This limitation does not apply to subsequent Unit owners that take title to the Unit after adoption of the Rule.

9.6.3 United States Flag

The Association shall not prohibit, by Rule or otherwise, a Resident from displaying the United States flag inside a Unit or Limited Common Area, or on a Lot, if the display complies with United States Code, Title 4, Chapter 1, The Flag, and with Utah Code Title 57, Chapter 24, Display of Flag, but, notwithstanding this prohibition, for displaying the United States flag no Owner, Resident, or any other Person has a right to modify Limited Common Area, or to utilize or modify Common Area in a manner that is inconsistent with or not authorized by the Governing Documents.

10 ENFORCEMENT PROCEDURES

10.1 Authority for Enforcement

In accordance with applicable law, the Board shall have the authority to enforce the Governing Documents. The Board may not be arbitrary, capricious, or act against public policy in taking or not taking enforcement action. The Board shall ensure consistent administration and enforcement of the Governing Documents.

Failure to enforce a provision of the Governing Documents shall not constitute a waiver or modification of that provision.

10.2 Reporting a Violation

Any person may report an alleged violation of the Governing Documents to the Board or Manager. For such a report to be actionable, it must include: (1) the name, address, email address, and phone number of the person making the report; (2) the name and address of the Owner or Resident, or the address of the Unit,

allegedly in violation; (3) a description of the violation including the approximate date and time it occurred or was witnessed by the person making the report; (4) an identification the provision(s) of the Governing Documents was allegedly violated; and (5) a certification by the person making the report substantially stating the following, "I CERTIFY UNDER PENALTY OF PERJURY THAT I PERSONALLY WITNESSED THE VIOLATION I AM REPORTING AND THAT, TO THE BEST OF MY KNOWLEDGE, THE INFORMATION I AM PROVIDING IS TRUE AND CORRECT. I understand that I may be called as a witness of the violation if my report results in an informal hearing before the Board." A report should include pictures of the violation when possible.

Exhibit D is an example violation report form that meets the requirements of these Bylaws.

An alleged violation is not an actual violation until confirmed by the Board or Manager and a Notice of Violation or a Notice of Fine, as applicable, has been issued.

10.3 Effect of Violations

An Owner, Resident, or Unit shall be deemed not in Good Standing during the period of time beginning on the effective date of any notice of violation or notice of fine issued to such Owner, Resident, or Unit and extending through the date that the violation has been resolved and any fines issued have been paid in full. Owners that are not in Good Standing, and Owners of Units that are not in Good Standing, may become ineligible to vote in Association elections and/or make use of Amenities. Residents that are not in Good Standing may become ineligible to make use of Amenities. Such ineligibility shall be communicated by written notice in the same manner as a Notice of Fine to the ineligible party(s) and, if such party(s) is a tenant of a Unit, to the Owner of the rental Unit.

10.4 Notice of Violation

In the event of a violation of the Governing Documents, the Association should issue a notice of violation against the offending party or the offending Unit, as the case may be.

A notice of violation shall only be issued for a violation of a Rule, covenant, condition, or restriction that is found in the Governing Documents.

10.4.1 Content

A notice of violation shall be in writing and shall include: (1) identification of the Unit and, as applicable and available, the party in violation; (2) a brief description of the violation; (3) the date on or about which the violation occurred or was discovered; (4) identification of the provision(s) of the Governing Documents that was violated; (5) a statement that a fine may be assessed if: (a) the violation remains unresolved beyond a stated period of time (which period of time shall be not less than one (1) day and not more than ten (10) days from the date of the notice of violation, or as otherwise provided by law); or (b) a similar violation occurs within one year from the date of the written notice of violation; and (6) a statement explaining how the violation can be resolved.

Exhibit E is an example notice of violation that meets the requirements of these Bylaws.

10.4.2 Delivery

A notice of violation should be delivered via registered or certified mail, return receipt requested, but may be sent in any manner authorized by law.

If the offending party is a tenant of a Unit that is being rented, the notice of violation should be delivered to both the tenants and Owner of the rental Unit.

Copies of all issued notices of violation shall be maintained in the records of the Association.

10.4.3 Effective Date

A notice of violation is effective at the earliest of the following: (1) the date received; (2) five (5) days after the date of mailing; or (3) the date the receipt is signed by or on behalf of the addressee when the notice is sent via registered or certified mail, return receipt requested. Any period of time for resolution stated in a notice of violation shall begin on the effective date of the notice.

10.5 Notice of Fine

Before a notice of fine for a violation can be issued, a notice of violation for a similar violation must first be issued.

In the event of a violation of the Governing Documents, and after the issuance of a notice of violation or a notice of fine for a similar violation, the Association should issue a notice of fine against the offending party and/or the offending Unit, as the case may be, provided that: (1) the violation occurred within a year of the effective date of the notice of the similar violation; or (2) the violation remained unresolved after the period of time for resolution stated in the notice of the similar violation.

A notice of fine shall only be issued for a violation of a Rule, covenant, condition, or restriction that is found in the Governing Documents.

10.5.1 Content

A notice of fine shall be in writing and shall include: (1) identification of the Unit and, as applicable and available, the party in violation; (2) a brief description of the violation; (3) the date on or about which the violation occurred or was discovered; (4) identification of the provision of the Governing Documents that was violated; (5) the date on which the preceding notice(s) of violation or notice of fine was sent; (6) the amount of the fine being assessed and where it is specified in the Governing Documents; (7) a statement that the amount of the fine shall be assessed as of the date of the notice of fine; (8) a statement that: (a) the fine is due and payable immediately or as otherwise provided by the Governing Documents, whichever is later, (b) that late fees may apply if the fine is not timely paid, (c) that interest may apply if the fine is not timely paid, (d) that Units and/or Owners with past-due amounts may be deemed not in Good Standing and thus become ineligible to vote in Association elections or make use of Amenities, and (e) that the fine may constitute a lien that may be enforced by sale of the Unit; (9) a statement that an additional fine may be assessed if: (a) the violation remains unresolved beyond a stated period of time (which period of time shall be not less than one (1) day and not more than ten (10) days from the date of the notice of fine, or as otherwise provided by law); or (b) a similar violation occurs within one year from the date of the written notice of violation; and (10) a statement explaining how the violation can be resolved.

Exhibit F is an example notice of fine that meets the requirements of these Bylaws.

10.5.2 Delivery

A notice of fine should be delivered via registered or certified mail, return receipt requested, but may be sent in any manner authorized by law.

If the offending party is a tenant of a Unit that is being rented, the notice of fine should be delivered to both the tenants and to the Owner of the rental Unit.

Copies of all issued notices of fines shall be maintained in the records of the Association.

10.5.3 Effective Date

A notice of fine is effective at the earliest of the following: (1) the date received; (2) five (5) days after the date of mailing; or (3) the date the receipt is signed by or on behalf of the addressee when the notice is sent via registered or certified mail, return receipt requested. Any period of time for resolution stated in a notice of fine shall begin on the effective date of the notice.

10.6 Schedule of Fines

10.6.1 First Violation

A written notice of violation shall be issued for a first violation.

10.6.2 Second Violation

A fine in the amount of \$50 (fifty US dollars) shall be assessed for a second violation that is similar to and occurs within a year of the first violation.

10.6.3 Third Violation

A fine in the amount of \$100 (one hundred US dollars) shall be assessed for a third violation that is similar to and occurs within a year of the second violation.

10.6.4 Fourth Violation

A fine in the amount of \$150 (one hundred and fifty US dollars) shall be assessed for a fourth or subsequent violation that is similar to and occurs within a year of the third violation.

10.7 Amount of Fines

The Board may by Resolution increase the amount of the fine stated herein for a second violation; in so doing, the fines for the third and fourth violations shall be increased by the same amount.

10.8 Assessment of Fines

The amount of a fine shall be assessed against a Unit's and its Member's account and, as applicable, against the account of a tenant Resident(s) of the Unit as of the effective date a notice of fine.

If a particular violation continues unresolved through a fourth violation (i.e., a violation occurs that results in an initial Notice of Violation and that violation continues unresolved for three subsequent Notices of Fine) the Association may submit the violation to an attorney for resolution. In such event, the Owner(s) of the Unit and, as applicable, the Resident(s) of the Unit shall be jointly and severally liable for all costs related to submission to an attorney for resolution including collection costs.

11 RECORDS

11.1 Record Keeping

In addition to any other requirements under applicable law, the Association shall keep a copy of the following records (the "Records") at its principle office: (1) the Declaration; (2) the Articles of Incorporation; (3) these Bylaws; (4) any Resolutions; (5) the Minutes of all meetings of the Owners for a period of three (3) years; (6) the Minutes of all Board meetings for a period of three (3) years; (7) records of all actions taken without a meeting for a period of three (3) years; (8) all written communications to Owners for a period of three (3) years; (9) a list of the names, addresses, and email addresses of the current Directors and Officers; (10) the Association's most recent annual and other published financial statements, if any, for periods ending during the last three (3) years; and (11) the most recent budget of the Association.

11.2 Record Availability

The Association shall make the Records available to Owners, free of charge, through the Association's website. If the Association does not have an active website, physical copies of the Records shall be made available to the Owners by appointment during regular business hours at its principle office or that of its Manager.

An Owner may request in writing to inspect or copy a Record; such writing shall include: (1) the Association's name; (2) the Owner's name; (3) if the Owner is a legal entity, copies of records showing that the requesting party is an authorized representative of the Owner; (4) the address of the Owner's Unit; (5) the Owner's or authorized representative's email address; and (6) a description of the specific Record requested.

If an Owner requests the Association to provide it with a copy or scan of a Record, the Owner shall pay to the Association an amount that includes ten (10) cents per page and \$15 per hour for the Association's agent's time, or the actual amount if the copy or scan is provided by a third-party provider; such amount shall be considered an assessment against the Owner.

12 AMENDMENTS

12.1 Amendment of Bylaws

These Bylaws may be amended by the approval of at least sixty-seven percent (67%) of the Members in Good Standing. Such approval to amend these Bylaws shall be obtained by action by written ballot.

A Director may execute, certify, and record any duly-approved amendment or restatement of these Bylaws. Any such amendment or restatement shall be prepared at the request of the Board by an attorney licensed in the State of Utah.
